PROFILE

My name is Sarans Mishra, and I am currently a second-year undergraduate studying computer science at ODISHA UNIVERSITY OF TECHNOLOGY AND RESEARCH, BHUBANESWAR. I consider myself to be a hardworking learner, always eager to expand my knowledge and skills. I thrive on solving challenging problems and find great satisfaction in applying my problem-solving skills to real-world scenarios. As a technology enthusiast, I am passionate about staying up-to-date with the latest technological advancements and exploring their potential applications.
